Passing `generation\_config` together with generation-related arguments=({'max_length', 'num_return_sequences'}) is deprecated and will be removed in future versions. Please pass either a `generation\_config` object OR all generation parameters explicitly, but not both.

Setting `pad\_token\_id` to `eos\_token\_id`:50256 for open-end generation.

Both `max\_new\_tokens` (=256) and `max\_length` (=100) seem to have been set. `max\_new\_tokens` will take precedence. Please refer to the documentation for more information.

Original Response: write an essay on natural disaster in this country.

"The problem is that we've got a very short window of time. It's not something we want to do all the time, but it is a problem," said Mark W. Lea, a professor of human resources at New York University's Stern School of Business. "We're going to have to have that long-term infrastructure to sustain the disaster program. I think, as a group, we're going to have to make sure that we're ready for the next one."

Enriched Response: write an essay on natural catastrophe, and it was really quite interesting.

I've always been interested in social networks. I've read a lot of online books on social media. A lot of the time I think there's a way to use social media and social networks to help people stay informed about what's going on. I'm not going to sit and write every blog post but I'm going to try and put that together. I've been reading a lot of books on social media, I'm a big fan of social media, and I wanted to share something that could be applied to social media, because it's a very abstract concept.

There are so many different ways to interact with social media. One of the best social media communities I've ever been to. I got to see people interacting with the internet, so it was a very interesting experience. It's a real learning experience, it's a real learning experience.

You have to keep up with the events. They're a lot of people you're talking to. You have to keep up with the people you're talking to. It's a very different kind of experience, and to try and get into it would be really boring because you'd be very busy with stuff like Twitter or Facebook.
